Once the content displayed, select “Edit ALC information” option, as the image shows.

The screenshot shows the ZINA TransferPrice interface. At the top, there's a search bar for 'OR number' and a navigation menu with 'Inbox', 'Create new OR', 'All OR', 'TP general report', and 'Tutorials'. The main content area displays 'OR name: TEL Colombia - Test Only\_TesteTrialLory&Pablo\_17\_\_HW\_OEM\_125151'. Below this is a table with ALC (Advanced License Configuration) information. A callout box with a pencil icon and the text 'Edit ALC information' points to the 'Edit ALC Info' link in the table's header. The table contains fields like 'OR number', 'Process type', 'Software level', 'NE ID (upgrade)', 'SAP progress origin', 'License key activator name', 'License key activator email', 'Site ID', 'SW/LK Validity (Months)', 'Global CSP configuration unit(CU) ID', 'Equipment type', 'Importation plant hardware', and 'Invoicing plant hardware'. To the right of the table, there's a section for 'Actual status: Returned to logistics' and a 'Comments' section with a comment by 'Luis Felipe Sposito de Souza' dated Feb. 27, 2017.

ALC		Edit ALC Info
OR number		Edit ALC information Upload file
Process type
